## So you want to be a Market Trader?

The Acton Market is growing and we need more traders! If you have a business idea or items to sell, get in touch with **Sajida Bibi** or **Vanessa Tobiasinsky** at Action Acton to find out how you can put your ideas into action and start your own market stall at Acton Market. The Market Traders' Training Scheme is the perfect introduction to the business of being a trader. And, if you complete the 4-session workshop, we have grants available to get you on the road to being a Market Trader.

### The Pitch...

Acton Market Trader **Susanne Roberts** has her head in the clouds – a **Silver Cloud!** Her market stall business, called Silver Cloud offers more than just your run of the mill silver jewellery. Susanne's own interest in spirituality and Native American traditions is translated into her silver and stone rings, bracelets, earrings and necklaces. Taught by a fellow jewellery-maker and with a background in dress-making and leather work, Susanne combines her stall at Acton Market with being a full-time mum of three. 'There's something for everyone at my stall, rings from £5 to more expensive semi-precious stones.' An Acton resident for ten years, Susanne has seen her business expand as the Market grows. She also sells fairy wings for children and is introducing a new range of baby bracelets. You'll find Silver Cloud at the Acton Market on Fridays and Saturdays from 10am until 5pm. Have a look at her website too at [www.silvercloudshop.com](http://www.silvercloudshop.com)
